

PLACEBO Request Form

Health care providers who have completed the Clinical Training Program for NEXPLANON® (etonogestrel implant) 68 mg Radiopaque may use this form to order two (2) training applicators with placebo rods.

To complete your request, please fill in the information requested below and send the completed form, *including your signature*, to one of the following:

Fax: (609) 222-6480 or

Email: NexPlacebos@Organon.com

Please provide me with 2 training applicators with placebo rods.

My signature below confirms that:

- I understand that the training applicator and placebo rod contain no active drug ingredients and are for training purposes only;
- I understand that the training applicator and placebo rod are not for human use and should not be used on any part of the body;
- I have completed the Clinical Training Program for NEXPLANON
